2004 NDM Auction – Idaho Invitation to Bid

I hereby submit this bid for purchase of truckloads of surplus stocks of non-fat dry milk (NDM) from the Idaho State Department of Agriculture. The monies received from the auction will be divided evenly among the 1578 producers who enrolled in the program once ISDA has taken administrative costs. The money will be sent to feed dealers as a credit for the producer. Each producer will designate the feed dealer where they want their credit. ISDA will send a list to the feed dealer as to who is to receive a credit for feed. I am able to pay my bid amount to various feed dealers within 30 days.

I have met the requirements for qualification by submitting a CCC-334 form to USDA. This form states the rules of the program and I agree to follow all rules established by USDA. In addition to my bid amount, I agree to pay \$275 per truckload to USDA for denaturing costs. This fee will be billed by and paid to USDA.

The truckloads are 750 bags of NDM, net weight 55 pounds per bag, for a total of 41,250 pounds net (20.63 US tons). Freight will be paid by USDA.

I bid the following amount:
